What are outdoor Telecom cabinets?

Our outdoor telecom cabinets are designed to protect your sensitive network equipment from harsh environments where equipment may be exposed to dust or water. For added protection, there is a water and dust proof polyurethane door joint strip.

What is an outdoor telecom enclosure?

The outdoor telecom enclosures, which are also referred to as telecommunications cabinets, are fully enclosed cabinets that help protect electrical cabling and other equipment from potentially damaging environments. Such damage can be caused by dust, rain, ice, and external heat. What do you need to know about outdoor telecom enclosures?

Are Aze Telecom cabinets waterproof?

AZE Telecom offers top-quality weatherproof outdoor electrical enclosures and telecom cabinets. Designed to protect your equipment from rain, dust, and extreme temperatures, our waterproof and customizable solutions ensure reliability in any environment. Learn more! IP55 Rated | 24U | AC110V or 220V 2700BTU Cabinet Air Conditioner

What is the IP55 specification for outdoor telecoms street enclosures?

We manufacture our outdoor telecoms street enclosures to IP55 specification using galvanised steel. Compliance with IP (Ingress Protection) ratings and NEMA (National Electrical Manufacturers Association) standards certifies their ability to withstand environmental conditions and protect sensitive equipment.
