Discover the advanced technology behind 280Ah lithium-ion battery cells used in commercial battery storage systems.

Our deep cycle battery can not only meet CE, but also TLC, ISO9001, ISO14001, OHSAS18001, IEC61427, and Solar Product Certification.

Take control of your energy with the LINIOTECH 14.33kWh 48V LiFePO4 Battery, a high-capacity, floor-mounted energy storage solution for residential and commercial solar systems.

Sunwoda's self-developed 102Ah, 280Ah, 314Ah, and 600+Ah cells highlight its technological leadership and versatile adaptability across energy storage applications.

The all-in-one liquid-cooled ESS cabinet adopts advanced cabinet-level liquid cooling and temperature balancing strategy. The cell temperature difference is less than 3°C, which further improves the ...

Based on the advanced technology and profound production experience, we launched 46-series cylindrical cells and cylindrical LFP cells in 2021. In 2022, EVE launched a new generation of large ...

Power your energy independence with the LINIOTECH 14.33kWh LiFePO4 Battery - 48V 280Ah, the ultimate floor-mounted energy storage solution for off-grid, hybrid, or grid-tied solar systems.

The LF280K is a prismatic lithium battery that features a nominal capacity of 280Ah and a nominal voltage of 3.2V. This cylindrical lithium cell is engineered for longevity, with a cycle life that can reach ...
