Our Solar Energy System Energy Storage Container is the perfect solution for industrial and commercial energy storage requirements. With its high capacity, versatile design, and unmatched safety ...

Plug-and-play container design allows for easy installation with minimal on-site labor. Features LiFePO4 batteries, a safe, reliable, and long-life energy source. Simple expansion by connecting multiple units ...

Namkoo's containerized battery energy storage solution is a complete, self-contained battery solution for utility-scale energy storage. It puts batteries, A/C, UPS, inverter and auxiliary equipment in a single ...

The 500kWh/1MWh BESS models provide substantial energy storage capacity in a compact, containerized format that ensures ease of transportation and installation.

Adding Containerized Battery Energy Storage System (BESS) to solar, wind, EV charger, and other renewable energy applications can reduce energy costs, minimize carbon footprint, and increase ...

Each BESS container has either a 300kW or 500kW PCS system offering a complete, install ready energy storage system. All system systems are offered with either 400VAC or 480VAC 3 phase ...

Our 500 kW batteries can be deployed in island mode, in parallel with additional BESS, or as part of a hybrid solution, including generators. We deliver reliable and scalable energy storage systems ...

We invite buyers from all over the world to join hands with containerized energy storage systems to promote the development of the global energy storage industry and create a green and sustainable ...
