Longi 610 Watt Hi-Mo 7 Bifacial Series Solar Panel LONGi Solar Availability: 4-6 weeks

With a peak power output of 610W and bifacial cell technology, this panel achieves an impressive efficiency of 22.6%, allowing for high energy yields even in challenging conditions.

Better light trapping and current collection to improve module power output and reliability. Excellent Anti-PID performance guarantee via optimized mass-production process and materials control. Module ...

Designed for ground-mounted solar farms, commercial rooftops, and high-voltage solar systems (1500V DC), the JA Solar 610W panel reduces balance-of-system costs while maximizing energy yield.

Key Specifications Maximum Power Output (Pmax): 610W Module Efficiency: Up to 22.8% Cell Configuration: 132 half-cut N-type TOPCon monocrystalline cells Open Circuit Voltage (Voc): ...

Excellent anti-LeTID & anti-PID performance. Low power degradation, high energy yield. * For detailed information, please refer to the Installation Manual. *According to the applicable Canadian Solar ...

Constructed with quality materials, the SUNOVA 610W N-TYPE includes a sturdy frame and tempered glass to withstand environmental stressors like hail, wind, and snow. Its large size and high wattage ...

High-performance 610W dual glass shingled solar panel featuring low shading loss and enhanced durability, ideal for commercial and utility-scale PV projects.
