Are you interested in dynamic peak shaving, Time of Use or back-up power applications, either on-grid or off-grid? Then the TS-I HV 80 E is sure to impress you.

The ideal multi-purpose battery energy storage system. The entire system is delivered fully assembled and tested. It is housed in a durable outdoor steel cabinet with a forced lift and drop design. Front ...

Versatile configuration: use 30kW/80kWh as a basic build block to build up a larger system. Application: Commercial and industrial facility power back up such as office building, warehouse, company data ...

The construction characteristics of the recombination type lead-acid electric accumulators (valve-regulated hermetic accumulators); the absence of acid fumes and the virtual absence of gaseous ...

BSLBATT DyniO is an all-in-one ESS battery storage system that combines a 30kW hybrid inverter, high voltage control box, and 60kWh / 70kWh / 80kWh / 90kWh Li-Ion battery modules for both AC ...

40kWh, 50kW, 80kWh, and 120kW BESS Rack Lithium-Ion Batteries Elevate your renewable energy solutions with these advanced, efficient, and robust energy storage systems that are perfect for ...

The C-Cab (power conversion cabinet) has been designed to include everything required for battery operation, including the management system as well as the power supply.

Pre-assembled integrated design with battery, PCS, liquid cooling module, and electrical unit all housed in a single cabinet; Users can plug and play upon delivery, saving over 70% of ...
