What is a global power supply battery cabinet?

Global Power Supply provides a full range of battery cabinets engineered to extend UPS runtime, protect sensitive loads, and maintain continuity in any environment. A UPS system provides immediate backup power during an outage. Paired with compatible UPS battery cabinets, your facility gains extended power capacity and greater resilience.

What does a battery cabinet power?

Battery cabinets are designed to hold batteries used to power an uninterruptible power supply (UPS) system. In the event of a power disruption or outage, the UPS system ensures that your devices continue to operate from the energy stored in the batteries in the battery cabinet.

What is a Vertiv EnergyCore Battery Cabinet?

The Vertiv(TM) EnergyCore Lithium-Ion Battery Cabinet provides high power density in a compact design. It can deliver up to 222.2 kWb (Li7) or 263 kWb (Li5) in 600 mm wide cabinet. It is designed to operate at higher temperatures of up to 30C and optimized for either 5- or 7-minute runtime.

What are everexceed battery cabinets?

EverExceed Battery cabinets are engineered for an uninterrupted power backup source to support the continuous operation of the higher and new requirements of these application backup.
