Does Canberra have a national electricity market?

However, now that Canberra has joined the National Electricity Market, there are other electricity and gas providers who can supply your energy needs. Therefore, it's well worth comparing plans through Savvy to ensure you are getting the best plans available from our network of trusted retailers.

How do I find the cheapest energy provider in Canberra?

Always compare electricity and gas separately. Although energy retailers may offer bundled plans, if you're looking for the cheapest energy providers in Canberra and the ACT, you'll often find better deals by comparing them as stand-alone products. The ACT has cold winters and warm summers.

Do energy retailers offer electricity deals in Canberra?

There are now more than half a dozen competing energy retailers offering electricity deals in Canberra. So, if you want to make serious savings on your energy costs, it's vital to check out all your options. Get a personalised cost ranking of every retailer's publicly-listed electricity plans based on your unique energy use.

How much does energy cost in Canberra?

However, many energy providers in Canberra offer more competitive deals, known as "market offers", which can often provide better rates or additional benefits. For example, the Reference Price is \$2,675 per year, whereas the most affordable market offer is currently \$2,032, leading to annual savings of \$643.
