Why is e-storage delivering a major project in Chile?

Colin Parkin, President of e-STORAGE, stated: "We are pleased to extend our energy storage expertise through the delivery of our first major project in Chile, supporting the government's ambitious goal of getting 70% of its electricity from renewable sources by 2050.

What will e-storage do under the EPC contract?

Under the EPC contract, e-STORAGE will manage all civil, mechanical, and electrical infrastructure for the project. Toshinori Kawahara, General Manager of ASC4, commented: "Building our energy storage project is a major milestone for ASC4. We are very pleased to be able to contribute to a stable supply of electricity in northern Chile."
