Does Chint still make solar panels?

CHINT is a big company -- as in billions of dollars of revenue each year big. It's also diversified, which means they do more than just make solar panels. Hopefully, this increases their odds of still being around in the future to honor their solar panel warranties. The company was founded in 1984 and has around 30,000 employees.

Why should you choose Chint residential solar?

CHINT residential solar solution helps you to embrace a sustainable, cost effective energy life. Our solar systems are designed to power your entire home efficiently, making it a smart investment for long-term savings. Switch to clean energy with CHINT's reliable and innovative PV technology and take a step toward a greener future.

Who are Chint solar & Voltis?

Chint Solar and Voltis have joined forces to co-develop a circa 5 GW portfolio of renewable energy and storage projects in the United Kingdom. Chint Solar has started the next phase of construction of the Salteras solar park in Spain. The first solar module was symbolically placed by local stakeholders, together with representatives of Chint Solar.

Where is Chint solar building a solar park in Spain?

Chint Solar has started the next phase of construction of the Salteras solar park in Spain. The first solar module was symbolically placed by local stakeholders, together with representatives of Chint Solar. On July 12, Schnermark solar park in eastern Germany welcomed more than 80 visitors for an Open Day.

CHINT provide one-stop Residential PV & ESS solutions. From consulting services to engineering design and construction, to long-term project maintenance, CHINT is willing to work with ...

After visiting CHINT platform, customers from Yemen said that CHINT's products are comprehensive, the advantages of iterative upgrade are obvious, the delivery cycle is short, it can ...

Our PV systems feature advanced Astronergy modules, renowned for their high efficiency and reliability. We provide customized designs to maximize energy yield, tailored to specific site ...

PVTIME - Early this year, the Longtian 400MW and Heping 150MW Aquaculture PV Projects in Shantou City started the construction. So far, all the works are undergoing in perfect ...
