What is a waterproof storage container?

For example, a small waterproof container may be suitable for carrying your phone and wallet while kayaking, while a larger container may be necessary for storing camping gear or emergency supplies. We spent hours researching and testing various waterproof storage containers to identify the ones that offer the best protection and durability.

How do I choose a waterproof storage container?

When looking for a waterproof storage container, the critical thing to consider is the level of waterproofing. Some containers are only water-resistant and can protect your belongings from splashes or light rain, while others are entirely waterproof and can keep your items dry even in heavy rain or submersion in water.

What is a foldable container?

Such foldable containers are compatible with the normal ISO-approved TEU or FEU and are strong enough to be placed anywhere on a shipboard stack. Any number of containers from 2 to 5, can be folded and stacked in such a way to form a regular container size for transport or storage.

What is a 4fold container?

This container is called the 4FOLD. HCI claims an amazing 75% saving in space as four 4FOLD containers, when stacked, take only the space of a single conventional rigid container. This would mean less cost on transportation of empty containers, their storage, and other associated costs.
