Why did data centre construction costs rise in 2024?

Data centre construction costs continued to rise in 2024, albeit more slowly than in prior years as supply chain stress continued to ease. Regionally, construction cost inflation of 3.8% off last year's record high base reflected ongoing demand within the sector.

Does Cushman & Wakefield offer data centres in Asia Pacific?

Learn more about Cushman & Wakefield's data centres capabilities across Asia Pacific, including regional and local market insights, our services, key client case studies and contacts.
