Who dominates the telecommunications market in Finland?

The country has a competitive telecommunications market dominated by three key players: Elisa, Telia, and DNA. Elisa held the largest share of revenue from fixed-line, mobile, TV, and radio operations, at 37 percent in 2023. Telia Finland, part of Telia Company since 2017, followed closely, while DNA held 23 percent of the market.

Will Finland become a world leader in communications networks by 2025?

In 2019 the Ministry of Transport and Communications, responsible for the operation of transport and communications markets and critical communications networks, launched a digital infrastructure strategy with the goal of turning Finland into the world leader in communications networks by 2025.

Is Finland a good country for mobile broadband?

Finland's mobile broadband performance is strong, with 72% 5G coverage, surpassing the EU average of 66%, and a 96% mobile broadband adoption rate, exceeding the EU average of 87%. This achievement can be attributed to extensive 4G and 5G availability, covering 72% of populated areas.

How many TV channels are there in Finland?

There are four commercial, national channels: Alma Media has MTV3 and SubTV, and Sanoma has Nelonen and Jim. There are also a lot of pay-TV channels. News Corporation introduced itself to the market in 2012 with the Fox channel, which was preceded by Finnish-owned SuomiTV. AM 2, FM 186, shortwave 1 (1998) 120 (plus 431 repeaters) (1999)

STUK has measured the exposure levels of several base stations, for example in apartments and outdoor locations.
