Gabon has inaugurated its first utility-scale solar project. The Ayem&#233;m&#233; PV plant is located in the Plaine-Ayeme area of northwestern Gabon, around 30 km from the country's capital, Libreville.

The Ayem&#233; Plaine 120 MW solar plant, Central Africa's largest, is set to be operational by October, boosting Gabon's renewable energy transition and increasing Libreville's power supply.

Solen, an international company with operations in Gabon, announced this Wednesday, August 28, 2024, the completion of the largest solar power plant, to date, in Central Africa.

In November 2024, Gabon inaugurated its first utility-scale photovoltaic plant on 251 hectares at Ay&#233;m&#233; Plaine, just 30 km northeast of Libreville. Developed and operated by Solen SA ...

Developed by Solen SA Gabon, a subsidiary of Solen Renewable Dubai, the plant aims to expand to 30 MW under a power purchase agreement with the national utility, Soci&#233;t&#233; d'nergie et ...

Gabon has inaugurated the Ay&#233;m&#233; PV facility, its first utility-scale solar plant and the largest solar project in Central Africa. With plans to expand from 11 MW to 30 MW, the plant is set to ...

Gabon pv solar power plant The Ay& #233;m& #233; Solar Power Station is a proposed 120 megawatts solar power plant in Gabon. The power station is under development by Solen, an ...

Gabon has unveiled a comprehensive National Solar Energy Plan (NSEP) to boost its renewable energy capacity, aiming to generate at least 10 MW of solar power by 2025. This move is ...
