The T&#232; Power Project (the Project) is a 50 MW greenfield power plant under construction in Conakry, Republic of Guinea, by T&#232; Power Company (TPC), a special purpose company incorporated in Guinea.

Elle propose aujourd'hui un partenariat strat&#233;gique avec la Guin&#233;e pour le d&#233;veloppement de centrales solaires d'une capacit&#233; allant de 150 &#224; 500 MW.

By diversifying its energy mix and tapping into its renewable energy potential, Guinea can not only enhance its energy security but also contribute to global efforts to combat climate change.

Chaque jour, nous combinons ces r&#244;les pour faire avancer notre vision : Une Guin&#233;e aliment&#233;e par une &#233;nergie solaire fiable, intelligente et durable. GESI - Green Energy & Smart ...

To address this critical need, the UN in Guinea is working with the government to support rural electrification initiatives and improve the living conditions of communities. Despite a significant ...

Guinea-Conakry has launched a comprehensive National Energy Pact targeting universal electricity access by 2030 and a 67% renewable energy share in its national mix.

Guinea has launched a major solar power project to bring clean energy to 72 rural communities and install solar streetlights across 20 urban areas. Supported by the World Bank, this ...

Notre mission : rendre l'&#233;nergie solaire accessible, fiable et performante pour un d&#233;veloppement durable. D&#233;couvrez nos solutions adapt&#233;es &#224; vos besoins ! Le paysage &#233;nerg&#233;tique ...
