How much does a 20 ft shipping container cost?

When people ask about the 20 ft shipping container price, they usually want to know the total cost -- not just the price of the box, but what it costs delivered and ready to use. As of July 2025, the 20 ft shipping container price to buy ranges from about \$2,100 for a used container to \$3,700+ for a new (one-trip) container.

Is a 20 foot container better than a 40 ft container?

When comparing 20-foot and 40-foot containers, the choice often depends on the needed space and budget. A 20-foot container is more affordable and sufficient for those with limited space requirements.

What is a 20 & 40 ft shipping container?

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank. Fully customizable to your exact needs. The durable container design is completely waterproof, protects you and your equipment from the elements and any potential security threats.

While container prices stabilized, the ripple effect continues. A standard 40HC container that cost \$3,500 pre-2023 now averages \$4,200 - and that's before adding solar components.
