How much does a 20 ft shipping container cost?

When people ask about the 20 ft shipping container price, they usually want to know the total cost -- not just the price of the box, but what it costs delivered and ready to use. As of July 2025, the 20 ft shipping container price to buy ranges from about \$2,100 for a used container to \$3,700+ for a new (one-trip) container.

How much solar can a 20 foot container hold?

20 foot containers can expand from 3,000W of solar up to 6,000W. 40 foot containers can expand from 3,000W up to 12,000W of solar in the future. We love the strategically placed solar panels on top of the container roof - we've accomplished this secure mounting with our field tested RPS Scalable Ground Mount.

How much does a container cost?

Generally, used containers start at about \$1,500 and can go up to \$2,900 depending on the supply in specific markets. For newer, one-trip containers, prices range from \$2,500 to \$4,000. However, recent global events, like the container shortage during 2021-22, have seen these prices more than double in many areas.

What is a 20 & 40 ft shipping container?
