---

Aptech Africa designed, supplied, installed and commissioned a 229.9kWp solar rooftop grid tied system in Juba. The system comprised 415 panels of 550Wp with inverters of 100kW.

What Are Shipping Container Solar Systems? Understanding the Basics A shipping container solar system is a modular, portable power station built inside a standard steel ...

The Shanghai Fengxian Tower-Qinhuo Station renovation project transforms traditional communication base stations into intelligent, renewable energy-powered facilities using on-site ...

Aptech Africa has been permanently located in South Sudan since 2011, and is the EPC company of choice for solar installations within the ...

In the existing supply centers, 40 km of 33/11 kV line, 70 km of 11 kV line, 60 transformer stations (10 of 33/11 kV and 50 of 11/0.415/0.230 kV transformers), 130 km of 0.415/0.230 kV line, and 22,000 pre ...

Technological advancements are dramatically improving solar storage container performance while reducing costs. Next-generation thermal management systems maintain optimal operating ...

Learn how to connect 2 solar inverters in parallel to increase power output in PV systems. This guide covers wiring, communication setup, compatibility checks, and common ...

This large-capacity, modular outdoor base station seamlessly integrates photovoltaic, wind power, and energy storage to provide a stable DC48V power supply and optical distribution.
