Inhabited since the 11th-century, what is now Kigali has been the home of Twas, Tutsis and Hutus. The city sits on a series of verdant ridges and lush valleys, and has a Muslim Quarter and a bustling market.

Ideally positioned in the centre of Rwanda, Kigali extends across several hills and valleys, with good road links to the rest of the country. The verdant capital city is pleasantly low key yet dynamic and ...

Kigali is relatively safe and friendly as far as African capitals go. Keep your eyes open and your wallet out of the reach of pickpockets, especially in crowded areas.

Rwanda's ambitious vision to achieve 60% renewable energy by 2030 hinges on one critical component: Kigali energy storage battery supply. As solar and wind projects multiply, reliable battery systems ...

Kigali, the capital of Rwanda, is a dynamic city that blends modernity with rich history and culture. It is often praised as one of Africa's cleanest and safest cities. Kigali's central location makes it the ...

The Kigali Energy Storage BMS System is more than hardware--it's a catalyst for Rwanda's energy independence. Whether you're a hospital administrator or a solar farm operator, investing in smart ...

Containerized energy storage solutions now account for approximately 45% of all new commercial and industrial storage deployments worldwide. North America leads with 42% market share, driven by ...

The increasing deployment of energy storage systems is significantly enhancing grid resilience by offering dependable backup during outages and facilitating the integration of renewable energy ...
