Replace THREE Group 31 marine AGM batteries with ONE M3165-36 Lithium-ion battery. This is a perfect fit for most bass boats and other shallow water fishing boats where weight is a premium.

If you are looking for a lightweight battery to power a 36V DC trolling motor, the Lithium Pros M3140-36 Lithium Powerpack Trolling Battery is the perfect choice.

High capacity, high output marine lithium batteries.

This is the 36V 60Ah Trolling Battery kit we recommend for professional tournament anglers using 36V trolling motors. The kit consists of two M3130-36 lithium-ion batteries and one M1236 DC charger.

Space saving 36 volt lithium batteries for your next adventure. Our Ultra Slim Pro Series line are only 3 inches thick and 1/3 of the weight of a traditional AGM counterpart.

Lithium Pros is a group of enthusiasts who are focused on bringing the highest performance, ultra lightweight lithium-ion batteries to the marine, racing, EV, fleet, and specialty markets.

This is the 36V 40Ah Trolling Battery that can replace THREE Group 27 marine batteries.* At only 30.3 lbs, it is hard to believe that ONE battery can do what three group 27 marine batteries* ...

In addition to the benefits of longer life and lighter weight, the Lithium Pros N3265-36 provides an impressive 65 amp hours (2,496 Whr) and 152 reserve minutes. It can be recharged ...
