At ArmorLogix, we offer a full line of weatherproof NEMA enclosures, custom-built enclosures, network switches, solar power stations and more. Explore now!

Our Hybrid Solar Container offers unmatched scalability and precision for operational needs, making it an ideal choice for army bases, disaster relief zones, and remote off-grid requirements. ...

BoxPower's flagship SolarContainer is a fully integrated microgrid-in-a-box that combines solar PV, battery storage, and intelligent inverters, with optional backup generation.

Plug-and-play solar power containers are designed to perform across a wide range of application environments. Their standardized structure and flexible configuration options make them suitable for ...

We make mobile solar containers easy to transport, install and use. Make the next step towards renewable energy with our Solarcontainer! The challenges of our time are more present than ever.

Each unit is 100% solar-powered with battery backup, requiring no fuel, generator, or grid connection--ensuring uninterrupted, dependable operation in any environment.

MOBIPOWER hybrid clean power containers combine battery energy storage systems with off-grid solar containers for remote industrial sites in Canada & USA.

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.
