What is Namibia's energy strategy?

Renewable energy expansion strategy  
Transition Namibia's energy mix towards clean and sustainable sources. 70% of electricity generation from renewable energy, solar, wind, and hydro. Green hydrogen strategy  
Position Namibia as a leading producer of green hydrogen for local use and export. 10-12 million tons of green hydrogen annually

Why should you invest in Namibia?

Minerals mining, logistics, and green hydrogen. With one of the world's best solar and wind resources, a strong pipeline of renewable projects, and major green hydrogen initiatives, Namibia presents a high-value investment opportunity. Additionally, Namibia's vast mineral wealth, including lithium, and rare earth elements, essential for batteries

What services does a solar power company offer?

We provide EPC, IPP, O&M services, utility scale solar diesel hybrid solutions and battery storage systems for mines and for utilities and more. Engineering, Procurement and Construction Services for the turnkey installation of PV Solar Power Plants.

What are the key priorities of Namibia's NDP6?

The Key Priorities of Namibia's NDP6 are: Macroeconomic stability: fiscal management, water management, and climate resilience  
Private sector & trade expansion: Enhancing foreign direct investment (FDI), supporting SMEs, and increasing regional trade.  
Human development: Improving education, healthcare  
~20% 70% T

6Wresearch actively monitors the Namibia Solar Market and publishes its comprehensive annual report, highlighting emerging trends, growth drivers, revenue analysis, and forecast outlook.

Namibia, September 2022: The price of electricity is 0.112 U.S. Dollar per kWh for households and 0.000 U.S. Dollar for businesses which includes power, distribution and taxes.

Solar solutions aren't just eco-friendly; they're becoming cost-competitive with traditional energy sources. Let's unpack the 2025 price landscape for residential, commercial, and industrial solar ...

Whether you require a rooftop solar plant, solar water heater, solar pump, solar light, or even a solar EV charging station, we have you covered. As a responsible solar energy company in Namibia, we are ...
