Can I cancel a solar panel contract?

Exiting a solar panel contract depends on the agreement's terms and legal compliance. If the contract contains blank material spaces, misrepresentations, or fails to meet state laws, you may be able to cancel it with the help of solar panel lawyers.

What happens if you move with a solar panel contract?

Life happens and homeowners might find themselves having to relocate while still under a solar panel contract. Unfortunately, the contract doesn't end just because you're moving... You remain obligated to your panel's monthly payments - even if you're no longer using them.

Are you trapped in your solar panel contract?

If you feel trapped in your solar panel contract, you're not alone. Many homeowners realize too late that their agreement includes unfair terms, hidden fees, or misleading promises. The good news is that you have options. One of the most effective ways to challenge your contract is to seek legal assistance.

How do I know if my solar panel contract is valid?

Here are four key elements to check: **Warranty & Performance Guarantee** - Your solar panel contract should clearly state the warranty period and expected system performance. If these details are missing, it may be a red flag. **Signed Agreement** - A contract must be signed by the buyer to be legally binding.

Learn about your options for canceling your solar lease contract and what to look for in your agreement in the first place.
