Who is Nordic power supply?

Nordic power Supply is a Swedish company that develops and sells quality equipment for power line construction. We build and adapt products to the customer's request. Our focus has always been safety, quality and satisfied customers.

Why do you need a custom power supply?

A custom power supply from Bear can help you create products with more features, smaller size and higher performance. We can often reduce your total system cost as well. See some examples. See Examples Bear Custom Power Supplies are used in industrial, commercial, medical, military, telecom, transportation and portable systems.

Does Sweden have a sustainable power supply industry?

In Sweden, the power supply industry is characterized by a strong focus on sustainability and renewable energy sources. The country aims to transition to a carbon-neutral economy by 2045, making it essential for companies in this sector to align with environmental regulations and government policies promoting green energy.
