HyperCube is a liquid-cooling outdoor cabinet suitable for energy storage. It features high safety, a long lifespan, high efficiency, stability, scalability, and rapid response.

Shanghai Gulier offers advanced liquid-cooling outdoor cabinets designed for efficient heat dissipation in telecom and power equipment. Ideal for demanding outdoor environments.

Preferred battery, first-line brand 280/314Ah LFP battery, the longest cycle life of 12000Cycle Variable frequency liquid cooling, new intelligent temperature control management, cell temperature ...

Maximize power reliability & savings with our 125KW/261KWH Liquid-Cooled Battery Cabinet. Featuring superior cooling efficiency for extended 10-year lifespan, it enables critical equipment UPS protection ...

Our outdoor battery cabinets are designed to withstand harsh weather conditions and provide reliable power storage for off-grid and remote locations. With advanced thermal management and safety ...

The "world's largest outdoor show," a nine-day event featuring fishing, hunting, and other outdoor activities, is returning to central Pennsylvania. The Great American Outdoor Show ...

Our system is designed to enhance energy density and thermal performance, accelerate installation times, engineered for optimal serviceability, and minimizing capital expenditures (CAPEX).

Designed for industrial and commercial energy storage applications, these solutions ensure safety, reliability, and optimal performance with advanced liquid cooling technology and a 10+ ...
