Dunmore offers various PV backsheets constructions such as Military Spec TPT and TPE using DuPont Tedlar™, DUN-SOLAR PPE+ and Ultra-clear all polyester constructions and a range of specialty ...

For over 15 years, Asahi Kasei has been developing, selling, and providing customer support for our family of engineering plastics optimized for connectors and junction boxes in photovoltaic installations.

Shanghai QUANFU SHEETS Co., Ltd of China was founded in 2002 is a Polycarbonate (PC) sheet producing company with a professional ability of developing, researching and selling.

Our PV backsheet material for solar manufacturers is a cost-effective high performance PV backsheet that protects all components of the solar module.

PV laminates, Solar Films and PV Backsheet solutions for the photovoltaic industry.

Coveme develops and manufactures multilayer and monolayer polymer laminates for the protection of solar panels. These laminates, marketed under the company's dyMat™ brand, provide electrical ...

Plastic plays a huge part in making solar energy more accessible, efficient and cost-effective. Learn how solar panel plastic sheets are paving the way for the future of renewable solar energy at A& C Plastics.

To date, DuPont has surveyed over 4.2 million panels from 275 solar fields and 79 module manufacturers, accounting for over 1.04 GW. Tedlar™; PVF backsheets maintain low 0.05% defect ...
