KF Solar Tech Group Corp. is a professional manufacturer and supplier of high performance 275w polycrystalline solar panels.

Utilizing the advantages of existing photovoltaic cell technology, JDSOLAR is committed to providing superior PV modules with high conversion efficiency, high power generation efficiency and high ...

With a range of powers up to 275Wp, the Eagle module is the most powerful panel of 60 cells of its kind available in the market. The first module with the double PID 85 certification ensures maximum ...

The new QCells QPRO275P 275 watts 24 volt solar panel is reliable for all applications and has been optimised across the board with improved output yield, higher operating reliability and durability, ...

275W~295W Solar Panel is a Chinese manufacturer with a rated maximum power (Pmax) of 275W~295W. Half-cell modules have higher power output, better temperature-related performance, ...

Yes, Bluebird 275W Polycrystalline solar panel can be converted to AC solar panel / module by connecting a microinverter to this solar panel. This way your solar panel will generate AC power ...

Panel Efficiency: 17.12% Warranty: 10 years,25 years output power guarantee Material: Poly crystalline Frame: Anodised Aluminium Alloy Junction Box: IP 67 or IP 68 rated Connector: MC4 Backing Color: ...
