Our outdoor integrated energy storage cabinets are available in air-cooled and liquid-cooled configurations, designed for reliable performance in harsh environments.

It adopts door-mounted embedded integrated air conditioning, which does not occupy cabinet space, improves the available space of outdoor cabinets, has better structural integrity at the top, and has ...

Highjoule's Commercial and Industrial Energy Storage System adopts an integrated design concept, integrating batteries, battery management system BMS, energy management system EMS, modular ...

The HighJoule 100KWh Outdoor Cabinet Series offers a robust solution for commercial applications, featuring a 100KWh LFP or SSB battery with over 8000 cycles, ensuring long-term reliability and ...

Housed in a weather-resistant IP55 cabinet, it combines a 100kWh LiFePO4 battery pack with 50kW charge/discharge capability, supporting real-time monitoring and remote control via Ethernet, RS485, ...

It is suitable for microgrid scenarios such as small-scale commercial and industrial energy storage, photovoltaic diesel storage, and photovoltaic storage and charging.

Delivers 100 kW rated AC power and 232 kWh battery capacity for industrial and commercial energy needs. Designed with IP55 protection, transformer isolation, and real-time monitoring for enhanced ...

Our product can obtain local load power in real time, the photovoltaic power is self-use first, and the left power is stored; When the power generated by photovoltaic power generation is insufficient to ...
