Who makes outdoor Telecom cabinets?

Since 1989, we've manufactured outdoor telecom cabinets in America's Heartland, providing telecommunications companies, utilities, and network operators with BABA-compliant solutions that protect critical equipment from the harshest environmental conditions.

What is an outdoor telecom enclosure?

Our outdoor telecom enclosures support a wide range of telecommunications and infrastructure needs: Fiber Optic Networks: From compact fiber distribution units to high-capacity data center enclosures like the AP-Data with six slack frames, our cabinets manage dark-fiber volumes with organized cable management and secure slack storage.

Where are outdoor Telecom enclosures made?

Every outdoor telecom enclosure we manufacture is designed, fabricated, and assembled entirely in the USA. Our commitment to American manufacturing means you receive consistent quality, faster lead times, and complete Build America, Buy America (BABA) self-certification documentation with every order.

What is an AP utility cabinet?

The AP Utility cabinet ensures wide-ranging indoor and outdoor functionality, including power distribution, fiber termination, telecommunications, security and surveillance, cellular backhaul, industrial controls, and CATV. Ready to protect your network infrastructure with American-made quality?

Whether you need a compact fiber distribution unit or a large UPS enclosure, each outdoor telecom box can be configured to support integrated power, fiber optic, and data systems within our facility.

DEWEN delivers complete power solutions, combining DC systems, AC UPS, and hybrid outdoor cabinets with batteries and monitoring, ensuring reliability across the entire telecom infrastructure.

We design and manufacture high-quality custom enclosures, while providing professional assembly, system integration, and tailored support services for telecom, solar, and industrial equipment across ...

The floor-standing outdoor integrated cabinet is an outdoor integrated cabinet constructed using high-quality metal sheet materials.

The Base Station Energy Cabinet is a fully enclosed, weather-resistant telecom energy cabinet designed to
