Due to limited data availability, we use the Global Price Index series reported by IRENA, based on pvXchange benchmark prices for modules sold in Europe. Historical prices have been ...

Buy online Siemens Solar Panels at a great price! Order now and save money choosing the best with A1 SolarStore

SP Series, 65 to 140 Watts, Siemens most popular modules, provide a medium range power density. SM Series, 6 to 110 Watts, provide the highest power density and have the longest service record.

The Siemens Solar 75-watt 17.0-volt, 4.4 amps is a powerful solar panel, providing reliable, renewable energy as an alternative to noisy and expensive diesel, propane and gas generators.

Shell / Arco / Siemens Solar SM55 / SM50H Aftermarket Replacement APSM55PR Solar Panel 55W 2 PCS in box \$ 787.00

Buy discounted Siemens solar panels from one of the most trusted Siemens solar panel suppliers. Choose your Siemens solar module today.

****Price:**** Given its high power output and efficiency, the price of the Siemens SP75 is generally on the higher end of the market. It may not be the best option for those with a smaller solar installation budget.

All the parts I've listed are either tested or refurbished unless I have listed them as not working.
