Residential customers can easily compare and change your rate plan to find the best fit for your energy use. Learn about pricing changes and how to save money.

SMUD is committed to keeping rate increases within inflation, and if the proposed changes are approved, SMUD's rates would remain among the lowest rates in the state--currently on average ...

With SMUD's optional Fixed Rate, the price for electricity is set by season. On average, the Fixed Rate is approximately 4% higher than the Time-of-Day (5-8 p.m.) Rate. Note: Customers with rooftop solar ...

Database of U.S. Utility rates developed by the National Laboratory of the Rockies, powered by OpenEI: Open Energy Information.

Eligible customers can switch to a fixed rate price that doesn't change throughout the year. According to SMUD, the fixed rate on average is roughly 4% higher than the "time-of-day rate."

The charts below show the time periods and rates for the non-summer months and summer season. Remember, peak hours are only on weekdays from 5 p.m. to 8 p.m. Weekends and holidays are ...

Expect to pay significantly less over the fall, winter and a portion of the spring during peak periods for running appliances such as the oven, laundry machine or television. You can estimate the...

I live in a 1200 square foot detached home that runs on all electric (no gas at all) through SMUD. In spring and fall when the weather is mild, we pay around \$150/month, sometimes less. In the winter ...
