Why should you choose a solar storage container?

Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy. Lower energy/maintenance costs ensure operational savings.

Where are solar power plants made?

Headquartered in Shanghai with 50,000m²+ production bases across Jiangsu, Zhejiang, and Guangzhou, the company employs 1,000+ professionals, including 20+ engineers driving energy storage technology. ISO/TUV/CE-certified units deliver rapid-deploy solar power for off-grid, emergency, and mobile applications, reducing emissions by 70% vs diesel.

Where is Sunplus new energy technology based?

What is a hybrid storage inverter?

The Sunplus Hybrid Storage Inverters are designed to increase energy independence for homeowners and commercial users. The Hybrid Inverter power range is from 3kW to 60kW, compatible with low voltage (40-60V) batteries and high voltage (150-800V) batteries.

Discover our range of innovative solar panels on shipping container products engineered to meet your renewable energy needs with maximum efficiency and reliability.

Solis is one of the world's largest and most experienced manufacturers of solar inverters supplying products globally for multinational utility companies, commercial & industrial rooftop projects, and ...

Company profile for Storage System, Inverter manufacturer Shanghai Sunplus New Energy Technology Co., Ltd. - showing the company's contact details and products manufactured.

Leading manufacturer of solar containers in Shanghai, China. Complete solutions for residential, commercial, and industrial applications with comprehensive component selection and ROI analysis.

Our portfolio includes solar panels and mounting systems, inverters, energy storage solutions, EV chargers and heat pumps. With our stockholding capacity and efficient delivery networks, we make it ...

Solar container stream suppliers of solar inverters
