---

The SLP003S-12U 3 watt, 12 volt solar panel from Solarland®; is a standard high-efficiency poly-crystalline module that is an excellent solution for powering your off-grid application (s).

Description Wafer thin, lightweight, and can mold to a curved surface. These ...

They are weather, water and corrosion resistant making them a perfect option for marine applications, RVs, camping and emergency back-up, these panels can continuously recharge your 12-Volt ...

This 3-watt panel is light enough to mount on a window with the included suction ...

Engineered with high-efficiency mono-crystalline solar cells, these durable panels are robust enough to be walked on yet remain light enough to mount on a window using suction cups.

This 3-watt panel is light enough to mount on a window with the included suction cups, and durable enough to mount permanently outdoors on a range of vehicles. Four grommets at the corners allow ...

Engineered with high-efficiency mono-crystalline solar ...

This high-efficiency solar panel is wafer thin, lightweight and can be molded to a curved surface. Plus, it's durable, resisting water and corrosion, making it perfect for for marine applications, RVs, camping ...
