Based on market demand, we have developed two different liquid cooling solutions specially designed for Li-ion Battery Energy Storage Outdoor Cabinets: Both solutions safely operate in cold and hot ...

As a global leader in lithium-ion battery energy storage manufacturing, GSL ENERGY's liquid-cooled energy storage system features advanced temperature control design, high-density ...

372kWh liquid-cooling high Voltage Energy Storage System BESS-372K is a liquid cooling battery storage cabinet with high safety, efficiency, and convenience. Equipped with high-quality phosphate ...

The move from simple air cooling to a sophisticated Liquid Cooling Battery Cabinet is a crucial step in this evolution. It is a testament to the engineering required to maximize efficiency, ensure safety, and ...

Engineered with Grade A LiFePO₄ cells, multi-level protection, and AI-powered monitoring, our liquid-cooling storage cabinet delivers safe, efficient, and scalable energy solutions for modern power needs.

High Safety and Reliability

- o High-stability lithium iron phosphate cells.
- o Three-level fire protection linkage of Pack+system+water (optional).
- o Supports individual management for each cluster, ...

1228.8V 280Ah 1P384S Outdoor Liquid-cooling Battery Energy Storage system Cabinet Individual pricing for large scale projects and wholesale demands is available.

The "all-in-one" design integrates batteries, BMS, liquid cooling system, heat management system, fire protection system, and modular PCS into a safe, efficient, and flexible energy storage system.
