This document specifies the design of earthquake-resistant and subsidence-resistant ductile iron pipelines suitable for use in areas where seismic activity and land subsidence can be ...

We are a physical factory specializing in the production of photovoltaic brackets, earthquake-resistant brackets, cable brackets, and punched C-shaped steel....

Taking a flexible PV bracket with a span of 30 m and a cable axial force of 75 kN as the research object, we investigate the variation patterns of the support cables and wind-resistant cables under ...

With global seismic activity increasing by 18% since 2020 according to the 2024 Global Seismic Report, earthquake-resistant brackets have become critical for solar projects in vulnerable ...

We are a physical factory specializing in the production of photovoltaic brackets, earthquake-resistant brackets, cable brackets, and punched C-shaped steel. We are committed to ...

While conventional damage-prone earthquake-resistant structures could prevent structural collapse and the loss of life in a major earthquake, these structures could still sustain ...

Hebei Hekang Metal Products Co., Ltd. is a domestic manufacturing enterprise specializing in the production and wholesale of earthquake resistant brackets, photovoltaic brackets, punched C ...

Photovoltaic brackets must be used for long-term use in special natural environments. It has strong physical properties such as air pressure resistance, snow pressure resistance, seismic ...
