During November and December representatives of Sol-Lucian attended Energy Awareness Fairs in both the north and south of Saint Lucia to provide attendees with information on the products and ...

In this blog post, we explore the myriad advantages of installing solar PV systems in St. Lucia with Eco Carib, paving the way for a cleaner and more energy-efficient island paradise.

From the solar panels to the batteries, we hand-pick reputable suppliers that offer the highest quality products, backed up by a comprehensive warranty package.

Solar energy is renewable, meaning that we'll have energy as long as the sun is alive. And according to NASA, the sun will be around for another 6.5 billion years.

The steps in the process of going solar with Vivint are similar to what you would expect with any other provider, but there are a few areas where Vivint's process and timelines vary.

iCarib is a Saint Lucia based company that offers high quality solar power technology, both for electricity production as well as for hot water supply to all private households and commercial entities who want ...
