Who makes JA Solar panels?

JA Solar Holdings Co. is a leading manufacturer of high-efficiency photovoltaic solar panels, based in Shanghai, China with several global offices, including one in San Jose, California. They produce high-performance solar panels for residential, commercial, and utility-scale projects.

What is JA Solar?

JA SOLAR stands for durable, high-performance PV modules that generate first-class energy yields. With our broad product portfolio, we offer sustainable and innovative solutions for residential, commercial and utility projects. As one of the first suppliers with industrial PV production capacity, we took on a pioneering role at an early stage.

Is JA Solar a good company?

JA Solar offers many residential solar panel options with high-efficiency ratings ranging from 22%-23%. JA Solar panels are half-cut cell panels, a technology that increases their energy output. They also utilize TOPCon technology. JA Solar offers a competitive warranty and has great customer reviews to uphold its reputation.

What products does JA Solar offer?

The range offered by the company includes JA Solar monocrystalline solar panels, as well as other accessories for photovoltaic systems, such as silicon wafers, cells, monocrystalline modules, photovoltaic components, inverters, and load-bearing and mounting systems.

The JA Solar monocrystalline solar panels found in our range provide an output power of 405, 550, or 460 W. JA TECH is an official distributor of photovoltaic panels manufactured by JA Solar.
