Discover the SRBOX-200, a high-voltage battery storage solution with up to 200 kWh capacity, ideal for energy storage needs in diverse applications.

Discover the MEGATRON Series - 50 to 200kW Battery Energy Storage Systems (BESS) tailored for commercial and industrial applications. These systems are install-ready and cost-effective, offering ...

The BSLBATT 200kWh Battery Cabinet utilizes a design that separates the battery pack from the electrical unit, increasing the safety of the cabinet for energy storage batteries.

BSLBATT ESS-GRID Cabinet Series is an industrial and commercial energy storage system available in capacities of 200kWh, 215kWh, 225kWh, and 245kWh. It offers peak shaving, energy backup, ...

Meet the Galaxy VS with internal smart battery modules. The Schneider Electric Galaxy VS is a highly efficient, easy-to-deploy, modular three-phase uninterruptible power supply ideal for critical IT and ...

Galaxy VS Maintenance Bypass Cabinet with Input/Output Transformer GVSBPIT25B, GVSBPOT50B - Installation Galaxy VS Maintenance Bypass Panel for UL - Installation

Each 20kW provides 6A charging current, and 30kW module 8A, allowing it to support effortlessly even big battery banks. The CPM series combines high flexibility and scalability with great performance ...

This industrial and commercial battery storage system is the ideal compact solution for your battery projects to work alongside solar PV, EV chargers and back up power requirements.
