Who makes battery energy storage system enclosures?

RAYONG, Thailand-- (BUSINESS WIRE)-- Jabil Inc. (NYSE: JBL), a global engineering, supply chain, and manufacturing solutions provider, today announced it has expanded its collaboration with Inno, a metal parts manufacturer and a subsidiary of Shanghai Xinpeng Industry Co. (XP), to manufacture battery energy storage system (BESS) enclosures.

Why should you choose Machan for your energy storage enclosure?

Machan has extensive experience in the manufacture of outdoor enclosures, enabling us to meet the diverse needs of energy storage enclosure customers across a range of industries and applications.

Why should you choose energy storage cabinets?

This ensures that energy storage cabinets can provide a complete solution in emergency situations such as fires. To accommodate different climates, we provide professional recommendations based on customer usage scenarios and requirements.

Do energy storage cabinets need to be painted?

This ensures that energy storage cabinets maintain excellent appearance and performance, as well as resisting corrosion and UV radiation. We place particular emphasis on comprehensive pre-paint processes, including degreasing, cleaning and neutralisation, to ensure excellent paint adhesion and quality.
